

# Summary of Measures: Step 2 of the *Roadmap to Reopen*

June 24, 2021

The information contained in this document is intended to communicate a summary of information about measures in Step 2 of the *Roadmap to Reopen*. Please refer to [O. Reg. 263/20 Rules for Areas in Step 2](#) for the complete list of measures and conditions that apply to certain businesses, organizations, places and individuals. The material is not legal advice and does not purport to be or to provide an interpretation of the law. In the event of any conflict or difference between this summary information and any applicable legislation or regulation, the legislation or regulation prevails.

## CONTEXT | COVID-19 Roadmap to Reopen

- On May 20, 2021, the government released its [Roadmap to Reopen](#), a three-step plan to safely reopen the province and lift public health measures based on the provincewide vaccination rate and improvements in key public health and health care indicators.
- The *Roadmap to Reopen* outlines three steps to easing public health measures.
- The province will remain in each step for at least 21 days to evaluate any impacts on key public health and health system indicators. If at the end of the 21 days vaccination thresholds have been met, ***along with other key public health and health system indicators***, then the province will move to the next Step.
- The following slides provide an overview of the public health and workplace safety measures in Step 2.

# PRINCIPLES | COVID-19 Roadmap to Reopen

The principles for determining what is permitted in each step are as follows:

## STEP 1

Resuming outdoor activities where risk of transmission is lower and limited indoor settings with restrictions

## STEP 2

Further expanding outdoor activities and resuming limited indoor services with small numbers of people and with face coverings being worn

## STEP 3

Expanding access to indoor settings, with restrictions, including where there are larger numbers of people and where face coverings can't always be worn
